

### Think SMART!

One of the many advantages of SolarVu for people who have a number of sites under them is access to their **SMART Enterprise** account. The **SMART Enterprise** account is a management and reporting tool perfectly suitable to manage your entire portfolio on one page without the hassle of individually looking into each site. Advantages of this include:

- Provides live status for all sites under your portfolio
- Communication & alarm status
- Downloadable data in CSV format and PDF of reports
- Over 50 possible combinations of parameters
- Customizable account to subdivide portfolio into smaller groups

Don't stress yourself out, **Smart Enterprise** is there to make your life easier
